OVERVIEW

Kashmir region is often referred to as the 'Switzerland of India' and is one of the few places in the world that is untamed by modern society. Kashmir is predominately surrounded by breathtaking mountains accompanied by gorgeous narrow valleys. The region is home to the second highest peak in the world, Mount Godwin Austen which is famously referred to as K2 scaling at a whopping 28,251 ft. above sea level. Despite popular belief, Kashmir is not only subjected to extreme snowy weather but rather ranges from subtropical climate in the southern part of the region to traditional alpine conditions in the high altitude mountain areas. The natives in the areas are fluent in Hindi, Urdu, Punjabi and Dogri which makes the destination especially desirable to travel along with the astonishing panoramic views which are ideal for family vacations as well as couple getaway/honeymoon.
